

The International Scientific Conference
„Genetics, Physiology and Plant Breeding”
October, 7-8, 2024

Dear

On the behalf of the Scientific Committee, we would like to invite you to participate to the International Scientific Conference „ **Genetics, Physiology and Plant Breeding**”, which will be held on October 7-8, 2024 in Chisinau, Republic of Moldova. The conference is organized by the Institute of Genetics, Physiology and Plant Protection of Moldova State University (IGPPP) in association with the Scientific Association of Geneticists and Breeders of the Republic of Moldova.

We hope in your interest in this symposium with the opportunity to attend the event connected to your scientific field. For us it will be a great honor to have you as a speaker and we believe in a further fruitful and mutual collaboration.

The Conference thematic areas:

- ❖ **Genetic and physiological aspects of control and improvement of adaptive and productive potential in crop plants.**
- ❖ **Principles and proceedings of increasing and quantification of genetic variability.**
- ❖ **Genetic and physiological diversity, conservation of plant genetic resources.**
- ❖ **Plant protection and advanced technologies for crops cultivation**

Participants willing to present a contribution to this event are asked to prepare an article (in Romanian or English). The submitted s paper will be reviewed by the Scientific Committee and will be published in the Materials Proceedings (with the ISBN number and DOI identifier).

Important dates:

Papers submission deadline

August 20, 2024

Detailed program

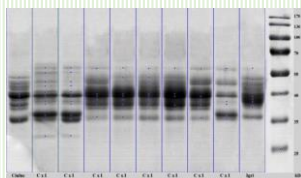

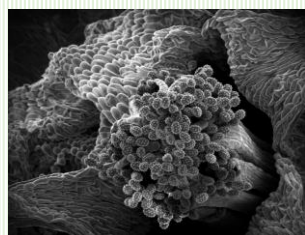

September 15, 2024

Conference

October 7-8, 2024

Online registration and article submission are available at:

<http://plantgenetics.usm.md/>

PAPERS REQUIREMENTS

Title: Times New Roman, 14, all upper case letters, up to 80 characters, including spaces. In a separate line Authors (full name-first name, last name), Author Affiliations and Orcid, corresponding author e-mail: TNR, 12.
